

TRANSFERENCE OF THOUGHT POSSIBLE

Discovery of New Brain Cells
Scientific Proof, Asserts
Woman Physician.

By WALTER VODGES.
Cosmopolitan News Service.

NEW YORK, Dec. 1.—"Thought transference, a rare sixth sense, becomes a scientific fact by the discovery of cells, formerly unknown, which exist in the brains of certain people."

Dr. Melania Lipinska, Polish physician and laureate of the Paris Academy of Medicine, made the above statement to Cosmopolitan News Service today.

"Communication with life on other planets," she continued, "may be established by some person on our earth who possesses a powerful coupling of these cells. But all such experiments should be subjected to the most searching scientific criticism."

Is Totally Blind.

Dr. Melania Lipinska, physiologist, minister, and author of "Women Doctors Through the Ages," was interviewed at the Women's University Club. She is totally blind. Stricken at the age of nineteen, she entered the Paris Academy of Medicine shortly after and obtained her degree there.

"Telepathy," explained Dr. Melania Lipinska, "has been taken from the realm of conjecture and placed on a scientific basis by the discovery of the additional brain cells. We know nothing of how these cells get into being, we only know certain people possess them."

"Thought transference occurs when two people, each possessing the sixth sense, get in communication with each other. The principle is somewhat similar to radio, and to me no more amazing."

May Live on Planets.

"I think it quite likely that the spirit of man may go to other planets when it leaves this world. Because of that speculation, which is only speculation, however, I believe that telepathy may some day bring us to communication with other planets."

"What do you think of the wave of spiritualism that is sweeping England and Europe as an aftermath of the war?" Madame Lipinska was asked.

"The movement is sincere," she said, "but untrue. It has absolutely no scientific basis. It is born of the great desire of many people to approach their dear ones."

Holds Spiritualism Dangerous.

"The mediumistic movement should be discouraged, I believe. For that matter, so should telepathy. Thought transference is dangerous to the minds and bodies of those who are able to bring it about. It depletes their systems of strength."

Madame Lipinska is in America to bring out an English edition of her book, to study the work among the blind here, and to gather material for a book on life in the United States. She is a middle-aged woman, dynamic in personality, and keenly observing, in spite of her blindness.

Although a specialist in auto-sug-

In Water 36 Hours, Horse Is Record Swimmer

BOSTON, Dec. 1.—A Boston horse, whose usual task is to draw a newspaper wagon, qualified as a long-distance swimmer when it was rescued from the Charles river after spending thirty-six hours in the water.

The horse was still swimming when found, but later was sent to an animal hospital to recover from a bad chill.

As its wagon was standing at the North Station the horse made its dash for freedom. Finally the horse dived through a drawbridge over the Charles river, leaving wagon and cargo jammed between the rails. For hours the harbor police searched for the animal in vain.

Later a watchman saw the horse swim out from under a pier and make for the open sea. A stern chase in a dory followed, and the swimmer was roped and towed to shore.

STEAMSHIP TAKES HOME BONES OF 400 CHINAMEN

BOSTON, Dec. 1.—Bearing with her the bones of 400 Chinese, each body in a tin box inscribed with a name and a date of death, the steamship *Ether Dollar* sailed from this port for the Orient by way of New York. For weeks past, throughout New England, Chinese had been engaged in exhuming the bodies of their countrymen, some of whom died here as far back as 1889, in order that their bones might be returned to their native land in keeping with their religion and customs.

The *Ether Dollar* will land this part of her cargo at Hongkong, officials of the vessel said.

BONAR LAW PUZZLED OVER INDEMNITIES

LONDON, Dec. 1.—Premier A. Bonar Law is puzzled over the indemnity situation, he told the House of Commons this afternoon.

"It seems curious that, as a result of the war in which Great Britain was the only country to sacrifice so much to obtain victory, she should be the only nation almost to pay any indemnity," said the Prime Minister.

Law was asked if the government was in a position to make public its views on the forthcoming economic conference at Brussels. The premier said the government was not.

He disagreed entirely with the famous Dr. C. C. as to the best methods of obtaining cures.

Disagrees With Dr. C. C.

"Cure is unscientific," she said. "One must do a great deal more than say, 'I grow better and better every day.' Results that are temporarily beneficial may be obtained that way, but there is no lasting good."

"The first thing to do with a sick person is to establish physical and psychological equilibrium. A number of things are required besides auto-suggestion to do that. Regulation of diet, breathing and sleep, for instance. A scientific attempt must be made to eliminate poisons from the system."

"When this equilibrium is established, then rational auto-suggestion has its part in developing character."

AGED WOMAN IS KILLED BY TROLLEY

Fourteen Others Injured in
Traffic Despite "Safety"
Precautions.

One person was killed and many others were injured in traffic accidents in the District last night, despite the efforts of public-spirited citizens to prevent mishaps.

Mrs. Alice Jones, seventy-four years old, 2420 North Capitol street, was killed by a one-man street car last night when she was struck in front of her home. She died shortly after she was admitted to Sibley Hospital. Pinkney F. Green, 1835 Eighth street northwest, motorman of the car, was arrested but was released pending the action of the coroner's jury. The inquest will be held this evening.

Miss Bell Lyons and her brother, George Lyons, both living at 1227 Twenty-fifth street northwest, were bruised when their car was in collision at Sixteenth and Corcoran streets last night. They were treated at Emergency Hospital. Frank Marozzi, 1818 Corcoran street, was charged with colliding and Alexander Lyons, 219 Morgan street northwest, was charged with failing to have his operator's permit.

Seven-year-old Margaret Hurley, 1213 Thirty-seventh street northwest, fell in front of an approaching automobile at M and Thirty-sixth streets northwest, and suffered injuries to her leg.

Millard A. Walter, twenty-two years old of Brentwood, Md., was cut on the face and head in a traffic mishap last night. Walter E. Moore, a taxicab operator, was arrested on the charge of being drunk while operating his car and with colliding.

Miss Jessie Mayfield, thirty years old, 1244 Tenth street northwest, received shock and bruises.

Samuel West, 1349 Maryland avenue northeast, was found to be suffering from epilepsy following a collision of his car with a lamp post and a fire hydrant at North Capitol and K streets northwest.

Mrs. Ruth Wananaba, 1351 Q street northwest, was injured about the head.

John Harper, colored, forty-five years old, 7 Fairmont court, was bruised and cut about the head, face and hands.

Cora Logan, colored, four years old, 1425 Tenth street northwest, was bruised about the head.

Mrs. Charles W. Myers, sixty years old, of the Ingleside apartments, and Mrs. Louis Myers, 3214 Wisconsin avenue, were cut and bruised about the face and head.

Fred D. Wills, twenty-four years old, 524 1/2 Fourth street northeast, was slightly bruised and cut.

Mrs. Mary Ruppel, twenty-three years old, 1318 Rhode Island avenue northwest, received cuts and bruises about the leg and arm.

Josephine Bell, colored, nineteen years old, 1840 Montello avenue, was bruised about the face when she was knocked down by the machine of a motorcycle policeman.

J. J. Lynch, thirty-eight years old, 628 Maryland avenue, was cut and bruised about the body and received a possible fracture of the shoulder.

DUBLIN TROOPS READY FOR BATTLE

Expect Irregular Forces Will
Attempt Week-End
Coup.

By International News Service.

DUBLIN, Dec. 1.—Although this city has remained quiet following the execution of three more Republican irregulars, Thursday, Gen. Richard Mulcahy, minister of defense in the Free State government, today took further protective measures to save this city from attack. Free State troops patrolled the main streets of the city. Scores of pedestrians were held up and searched for arms.

Information has been received by the Free State army that large numbers of irregulars are concentrating in the Dublin suburbs and vicinity, in the evident hope of executing a coup over the week-end. Free State officials admit that new outbreaks are expected.

Free State soldiers were reported to be hot on the trail of Eamon de Valera. Probably no effort will be made to apprehend him if he flees the country.

England is withdrawing more troops from Ireland. It is expected that practically all the British soldiers will have been removed by the time the Irish bill (officially creating the Free State) is approved by King George.

GUARDIANS OF CAPITAL RED CROSS CHAMPION

Washington's policemen and firemen are today champions of the cause of the Red Cross. They are 100 per cent for it, as figures received in the office of Mrs. John Allan Dougherty, manager of the Washington division, today showed.

The fire department, the Fourth and Eleventh precincts turned in maximum memberships and were followed later in the day by the Fifth, Tenth, Capt. C. E. E. Flather, Capt. E. J. Keefe and Capt. C. T. M. Lord, commanders of the Third, Eighth and Tenth precincts, respectively, announced that their men had put over the final kick that placed the police department over the 100 per cent goal.

Preceded by eleven companies that enrolled to the last man during the drive, the remaining companies of the fire department went over in a body.

The District chapter today is better off by \$1,571 than it was last year, and Washington's guardians are now on a pedestal of envy in the eyes of other cities.

MOTHER AND SON SHOT BY BOY RECOVERING

Shot in the abdomen by a bullet from her thirteen-year-old son's rifle, yesterday, Mrs. Elizabeth DeVeres, of Woodside, Md., is today recuperating at Garfield Hospital, where her condition is considered not serious.

John, a sixteen-year-old son, who was shot through the thigh by the same missile, was returned home after treatment yesterday.

The shooting, which police believe was accidental, took place in front of the DeVeres home. John and his mother were sitting on the porch, when, it is said, the barrel of the rifle dropped from the stock and the bullet was discharged. The bullet, after piercing John's thigh, struck Mrs. DeVeres.

Seeing what had occurred, Corneilus, Jr., the thirteen-year-old son, summoned Dr. H. H. Howlett, of Silver Spring, who treated the couple.

LOCAL ELKS RAISE \$4,000 FOR CHARITY

More than \$4,000 was raised last night by Washington Elks at their third annual charity ball, held at the Willard Hotel, attended by 1,500 B. P. O. E. members and their friends. The proceeds of the ball will be expended for charitable work during the coming holidays.

Music for the affair was furnished by the Elks' band and orchestra, under the direction of Arthur S. Whitcomb. Drill work was a part of the program. Miss Clara Roehle entertained with fancy dancing.

The committee in charge of the affair was: P. J. Callan, chairman, and James L. Ward, vice chairman, with chairmen of the subcommittees as follows: D. H. Nihon, reception; James Farrell, tickets; Charles Dietz, decorations; James A. Balderson, floor; Arthur S. Whitcomb, music; J. H. Ontrich, publicity, and C. Stanton, patrons.

GIRLS ILL FROM CANDY; POISON IS SUSPECTED

WEST CHESTER, Pa., Dec. 1.—A number of young women at the State Normal School here became ill after eating candy, and although it has been rumored that it was the contents of one particular box of sweets sent to one of the girls from Philadelphia, the contained poison, Dr. Andrew Thomas Smith, principal, declares the girls' illness is due simply to an over-indulgence in candy.

Great excitement prevailed when rumors of poison spread, and the district attorney began an investigation.

Authorizes Stock Issue.

The Interstate Commerce Commission today authorized the Georgia, Ashburn and Camilla railroad to issue \$405,000 of common stock consisting of 4,050 shares valued at \$100 each. The stock is to be used in buying fifty-one miles of railroad between Ashburn and Camilla.

HOLIDAY CROOKS GET VARIED LOOT

Fruit Cake, Victrola, Gloves,
Watch, and Money Thefts
Reported.

A varied assortment of articles comprised the loot of thieves in the District yesterday.

The thief who took the trouble to enter the establishment of Peter Rousopoulos, 1437 U street northwest, by way of the skylight, got only \$10. The money was taken from the cash register.

A victrola worth \$250 was stolen from the home of Albert O'Connor, 2030 Sixteenth street northwest, while the family was absent from the home yesterday.

A fruit cake was snatched by one of two colored men who entered the store of Philip Aronowitz, 2923 Georgia avenue northwest, after they had made a small purchase last night.

A pair of gauntlet gloves disappeared from the automobile of Clarence Cunningham, 1209 Florida avenue northeast, last night.

A purse containing \$2 and papers were stolen from the pocket of E. F. Arnold, 1633 Thirty-first street northwest, while he was riding on a street car last night.

A watch valued at \$30 belonging to Vincent Priato, a student of Georgetown University, disappeared yesterday from his locker.

16-YEAR-OLD HUNSMAN ACCIDENTALLY KILLED

BUTLER, N. J., Dec. 1.—Wilbur Ricker, aged 16, was shot and killed yesterday with his own gun while hunting with his father and two brothers. They were in the woods near Kams Lake when the lad stumbled and fell, discharging the gun and killing him instantly.

His father, Willis Ricker, and his brothers were some distance in front when they heard the report.

BLAZE IN BRIGHTWOOD CAUSES \$2,000 DAMAGE

Damage estimated at \$2,000 was caused last night when fire started in the two-story frame dwelling of John Ray, Shepherd street, Brightwood. The blaze had made such headway when Engine Company No. 22 arrived that it had to summon the aid of Engine Company No. 24.

The fire started from an overheated stove on the first floor and ate its way between the walls to the roof. The upper part of the house was ablaze when the firemen arrived. No one was hurt.
